June 27, 2018

Mr. David McConnell  
MPI  
319 North Hills Road  
Corbin, KY 40701

Dear David,

This letter acknowledges receipt of MPI’s certification criteria as outlined by the SDI Technical Committee for 2018:

- SDI-117 Manufacturing Tolerances for Standard Steel Doors & Frames
- ANSI/SDI A250.3 – Factory Applied Finish Coatings for Steel Doors & Frames - Not applicable for MPI
- ANSI/SDI A250.6 – Hardware Reinforcing on Standard Steel Doors & Frames
- UL 10C - Positive Pressure Fire Tests of Door Assemblies
- UL 1784 – Air Leakage Tests for Door Assemblies & Other Opening Protectives

Upon review of the material provided, the Steel Door Institute has determined that MPI is in compliance with the certification requirements and is therefore approved to continue to utilize “SDI Certified” branding.

Thank you for your participation in SDI’s 2018 Certification program.

Very truly yours,

J. J. Wherry  
Managing Director
